EXPERIENCES

Head of Architecture / CTO / Head of Operations

Paris 2024 - Olympic & Paralympic Organizing Committee - Since March 2020 - Full-time

- Designed and structured the architecture team for Paris 2024, leading cross-functional efforts for the seamless integration of 206 systems supporting 20 million users, 8,000 employees, 45,000 volunteers, and 250,000 accredited individuals.
- Engineered and implemented scalable solutions, ensuring the effective operation of the committee across various functional areas, with a focus on system reliability and performance.
- Managed a €9.5M budget for cloud hosting (Alicloud), optimizing resource allocation and ensuring financial efficiency while meeting operational needs.
- Oversaw the development of an information system partially built from the ground up, ensuring coherence across the entire technology stack.
- Defined strategy and governance for the information systems architecture, providing strategic direction and ensuring alignment with organizational goals.
- Directed operations for the Information Systems during the Olympic and Paralympic Games, ensuring the flawless execution of technology systems across the event.

Architect Manager

Infopro digital - September 2018 to March 2020

- Designed and managed the RUN (operational phase) of ETAI's eBusiness platform.
- Led a team of 15 developers and 5 solution architects.
